INTERNATIONAL VIEWBOOK 2017/18

EXCELLENCE THROUGH EXPLORATION

AT THE UNIVERSITY OF ALBERTA, WE ARE EXPLORERS.

We believe that education is an adventure. We know that the pathway to achieving excellence goes beyond the classroom – it’s a journey of exploration.

Exploration is about doing research that inspires you, getting real-world job experience, building lifelong friendships in a new city, and trying new things in your day-to-day life.

Exploration is about using your curious mind to discover and understand a subject inside and out. It means asking tough questions and actively seeking the answers, and knowing your area of expertise through and through. It’s also about you and your life experience. We want you to explore your skills and talents... and discover new ones that you never knew you had!

UAlberta is the place to take your journey to excellence.

PEOPLE SAY IT TAKES A VILLAGE TO RAISE YOU, AND U OF A HAS BECOME MY VILLAGE.

“At UAlberta, I learned that it’s not all about your grades or your GPA. That’s just two lines on your resume. It’s more about your networking, how many people you know, your extra-curricular activities, and doing things that actually count towards your future.”

MESSAGE FROM PRESIDENT DAVID TURPIN

As a global university striving for excellence, the University of Alberta seeks the best students from around the world. We have built an exceptional and diverse community by bringing global ideas and perspectives to our five campuses.

I invite you to bring your talents and ideas to our university. You will discover unique experiences within a different country and culture, and find new friends. At the University of Alberta, you can choose among a wide range of courses and programs. Join us in a learning experience that will transform you and prepare you for success in an ever-changing world.

President David Turpin is the 13th president and vice-chancellor of the University of Alberta.

One of Canada’s most admired and respected post-secondary leaders, Dr. Turpin has held several leadership roles including president of the University of Victoria from 2000-2013. A distinguished scholar and Thomson ISI highly cited researcher, Dr. Turpin has earned many honours and distinctions for his research, teaching, and service to the community. He is a member of the Order of Canada, a fellow of the Royal Society of Canada and a Steacie Fellow.
Volunteering was something I started in my first year. I was surprised at how volunteering is such a big part of the culture here. It really doesn’t exist anywhere else I’ve been.

SO I DECIDED TO JOIN SOMETHING. IT WAS AMAZING.”

10 GREAT ACCOMPLISHMENTS BY PEOPLE IN THE UALBERTA COMMUNITY

1. Canada’s first Nobel Prize in Physics, awarded to alumnus Richard Taylor in 1990.
2. The Canadian Maple Leaf flag, designed by alumnus George Stanley.
3. Canadian leadership — alumnus Joe Clark is a former Prime Minister of Canada and was the youngest person ever to take on this role.
4. Great video games such as Bejeweled and Plants vs Zombies! PopCap Games was co-founded by UAlberta alumnus Jason Kapalka.
5. Discovering an asteroid and naming it after UAlberta! Alumnus Andrew Lowe named the asteroid he discovered “UofAlberta” — it’s located between Mars and Jupiter.
6. The invention of early sonar in 1917 by faculty member Dr. Richard Boyle.
7. Canada’s first successful open-heart surgery, performed in 1956 by faculty member Dr. John Callaghan.
8. The life-saving Hepatitis B treatment, Heptovir, developed and administered for the first time in 1998 by faculty member Dr. Lorne Tyrrel.
9. The co-discovery of insulin in 1922 by faculty member Dr. James Collip, who worked with Frederick Banting, Charles Best, and John MacLeod.
10. Developing a new vaccine to combat Hepatitis C – UAlberta researcher Dr. Michael Houghton discovered the vaccine, which could eventually be used to fight all strains of the disease.
Alberta is a province located in Western Canada. It's a great place to study, work, and live. Many major companies and industries call Alberta their home, which means that there are great job opportunities and resources to build your future career.

Not only that, you can experience some of the most beautiful and scenic areas of the world.

Alberta is a province located in Western Canada. It’s a great place to study, work, and live. Many major companies and industries call Alberta their home, which means that there are great job opportunities and resources to build your future career.

Not only that, you can experience some of the most beautiful and scenic areas of the world.

Come and discover the “true north strong and free” that we celebrate in our national anthem.

Traveling to a new country to study is an adventure in itself. From coast to coast, Canada has exciting cities and breathtaking natural beauty that will appeal to your adventurous side. The people are as interesting as the landscape - Canadians come from all over the world and celebrate multiculturalism by sharing their traditions and welcoming the traditions of others.

Canada ranks 9th out of 187 countries on the UN’s 2015 Human Development Index.
EDMONTON IS A PLACE WHERE YOU CAN EXPLORE YOUR UNIQUE IDEAS AND TURN THEM INTO A REALITY, WHETHER IT BE AN INVENTION, A NEW BUSINESS IDEA, OR A NEW CHANCE FOR INVOLVEMENT IN THE COMMUNITY. THERE IS ALWAYS THE CHANCE TO TRY SOMETHING NEW IN EDMONTON!

It’s also the perfect place to study. You will get a great education in a modern city environment and when you need a chance to relax and enjoy nature, just head down to the beautiful river valley, which winds through the heart of the city!

We are a city of one million people and home to many major attractions, like West Edmonton Mall and the Art Gallery of Alberta, but we also have thousands of unique “hidden gems” that make Edmonton a special place to call home. As you explore Edmonton, you can discover restaurants, shops, parks, and other special places that will become your new favourite hangout. Edmonton is welcoming and embraces cultures from all over the world.

We have a fresh Spring season when the flowers bloom; Summer is hot and sunny (perfect for swimming!) and during Fall season, you will love watching the colorful leaves on the trees.

Even when winter is here and snow is on the ground, you will be amazed by the bright blue Alberta skies and sunshine.

YOUR FUTURE IS TAKING SHAPE AT UALBERTA – AND LIFE IN A STUDENT RESIDENCE WILL GIVE YOU AMAZING EXPERIENCES THAT GO BEYOND YOUR CLASSES AND STUDIES.

WHERE YOU CAN LIVE FOR YOUR FIRST YEAR

There are 13 student residences at UAlberta. Here are your options for your first year:

ON NORTH (MAIN) CAMPUS:

- Lister Centre – located on the western edge of campus, with the chance to customize your experience by choosing quiet or alcohol-free floors or a faculty or interest-based cohort floor. Offers furnished dormitory rooms (double, single, or single with bath) and a meal plan.

OTHER CAMPUSES:

- Campus Saint-Jean and Augustana Campus students also enjoy great residence life on their campuses. Residence Saint-Jean and Augustana Residences are great environments to make new friends and build your campus community.

OFF-CAMPUS LIVING:

- UAlberta is located centrally in Edmonton, and there are many housing options available in this area and throughout the city. You can search for off-campus housing using the Students’ Union Housing Registry. www.su.ualberta.ca

Meal Plans + Food Options

Lister Centre offers a meal plan. This means that you can focus on your classes and making friends instead of cooking and washing dishes. Gluten-free, vegetarian and vegan are among the many options available each day at the Lister Market.

If you don’t have a meal plan through your residence, you can still purchase food in your residence and around campus. There are numerous restaurants on and close to campus that offer a variety of different cultural cuisines, including halal food.

Incoming and first-year exchange students are guaranteed a space in residence if they complete their housing application by April 30. (SOME CONDITIONS APPLY)

YOU WILL NEED TO COMPLETE A HOUSING APPLICATION IN ADDITION TO YOUR APPLICATION TO STUDY AT UALBERTA. APPLY FOR HOUSING AT WWW.RESIDENCE.UALBERTA.CA/APPLYFORRESIDENCE

RESTRICTIONS TO OUR HOUSING GUARANTEE ARE LISTED AT WWW.RESIDENCE.UALBERTA.CA/APPLYFORRESIDENCE/GUARANTEEDHOUSING

RESIDENCES

Be sure to make arrangements for your accommodations early!

RESIDENCE RATE ESTIMATES

Dormitory-style rooms: $415 – $760 per month, depending on room type.
Apartment-style units: $481 – $1,450 per month, depending on number of bedrooms.

These residence rates are estimates effective April 1, 2016, and are subject to change. For updated rates, please consult www.residence.ualberta.ca/ourresidences

Coming to Canada to study at UAlberta will be an adventure, and with every adventure comes some questions. Where will I go if I need advice? Will I meet other students on campus? What happens when I arrive at the airport in Edmonton?

Our International Student Services team, located on campus in the International Services Centre (142 Telus Centre), provides services, events, and programming that will help you accomplish your academic and personal goals. Our team of international experts is ready to coach you towards a successful university experience. We enjoy sharing our expertise and knowledge about on-campus and off-campus communities.

INTERNATIONAL STUDENT SERVICES (ISS):
» provides guidance on settling into on or off-campus communities with our International Student Check-In.
» advises you on study permits & visas, financial support, health care and more.
» introduces you to UAlberta with the Transitions Orientation.
» prepares you for your academic undergraduate year in the UofA+ program.
» offers social events and trips to explore Edmonton and Alberta’s rich history and culture.

INTERNATIONAL STUDENT SERVICES is located on the main floor of the Telus Centre in the International Services Centre. You’re always welcome to come and visit!

UAlberta has major partners all over the world and can offer you the chance to study, work, and volunteer in a different country while you work towards your degree. Exploring the world will inspire your mind as well as your future career options – it will give you a fresh perspective and amazing experiences that you will remember forever.

Here are just some of the possibilities:
» Travel to Ghana with placements related to nursing, education, and agriculture
» Experience three opportunities in one program, where you can study language, do an internship, and complete academic coursework through the e3 Summer Program
» Take part in a global internship & gain practical work experience in Germany, Japan, Norway, or the United States
» Spend a term or year studying in France at the Université de Nantes on an exchange program

International Student Services is located on the main floor of the Telus Centre in the International Services Centre. You’re always welcome to come and visit!

More at www.issualberta.ca

AWARDS RANGING FROM $750 TO $5,000 ARE AVAILABLE FOR STUDENTS TO PARTICIPATE IN THESE PROGRAMS.
ON AVERAGE, STUDENTS RECEIVE FUNDING OF $1,600 TO $1,750.

**UALBERTA GRADUATES ARE ACHIEVING EXCELLENCE ALL OVER THE WORLD: WHEN YOU COMBINE CANADIAN WORK EXPERIENCE WITH YOUR UALBERTA DEGREE, THE POSSIBILITIES ARE ENDLESS!**

**Ken Bautista, BEd 1999**  
Ken Bautista is Co-Founder of Startup Edmonton and Flightpath Ventures, activating and investing in Edmonton’s startup community through initiatives like The Startup City Project and Students to Startups. Ken has been in the creative tech industry for over 10 years, co-founding several interactive companies, most recently Rocketfuel Games, an educational games studio, and co-founded community initiatives like TEDxEdmonton and articide Edmonton.

In my second year of University, I decided to be an Orientation Leader, and during Orientation Week, I was actually Patches the Panda mascot! It was super fun! Since by second year I knew what I wanted to do, I became a lot more engaged, which I think makes a big difference. And then I joined the Education Student’s Association, and in my third and fourth year I was the Technology Director for the ESA and then helped to develop the new website, things like that.

Since graduating, I’ve had two companies. During that time, I worked with different incubators in the city that would offer some space and some coaching, which were really valuable for me because I didn’t know anything, really, so I wanted to learn from everyone around me. But you had to step out and start doing that in these environments. I think the thing that was missing there was the community piece. And I think with the second company, Rocketfuel Games, especially since we were working with companies a lot outside of Edmonton, and people thought we were working from Vancouver or Toronto because we were developing educational kids software and we spent a lot of time on the road. Then coming back to Edmonton we thought, “is there anything going on here, why create this thing here.” And that’s where the first Startup Edmonton stuff started to form was because we could either take off, which would be the easy thing to do, or we could try to make something happen here.

In Edmonton, because it is smaller (or a small big city), we have a chance to make noise, and raise the bar for what we’re doing. I think that has been the difference, especially over the last three to five years – there has been a new wave of leaders coming out and building companies, starting stuff, doing things. When you start to get that stuff started to form was because we could either take off, which would be the easy thing to do, or we could try to make something happen here.

You can apply now and then send your final documents later.

To start the application process, you need to complete and submit the Application for Undergraduate Studies form. The application deadline for most direct entry programs is March 15. Some documents will be required with your application or by March 15 - please refer to the website to see which deadline applies to you. If you are a high school applicant, August 1 is the document deadline for the final results of your current year and all other required documents (June 15 if you are a transfer applicant). You should try to send your interim documents as soon as possible to get an admissions decision.

WWW.BEARTRACKS.UALBERTA.CA

You can get advanced standing or transfer credit if you successfully complete certain high school courses.

UAlberta can offer you transfer credit, advanced placement, or the opportunity for credit by special assessment if you have demonstrated excellence in specific subject areas under the GCE A-Level, IB, or AP curricula.

WWW.STUDYINCANADA.UALBERTA.CA/DOCUMENTS

Did you know?

You can track the progress of your application online.

When you submit your application to study at UAlberta, you will receive an ID and login for Bear Tracks, our online system that allows you to track your application status and register for courses.

WWW.BEARTRACKS.UALBERTA.CA

You can complete your pre-professional year at UAlberta.

If you achieve a UAlberta admission average of 90% or higher, you can receive at least $5,000 CAD.

You can receive more than one scholarship.

Top students can receive over $39,000 CAD.

You can apply online for these scholarships beginning on October 1, 2016 until the deadline of December 15, 2016.

You will also be considered automatically for several scholarships when you are admitted to UAlberta.

You can get advanced standing or transfer credit if you successfully complete certain high school courses.

UAlberta can offer you transfer credit, advanced placement, or the opportunity for credit by special assessment if you have demonstrated excellence in specific subject areas under the GCE A-Level, IB, or AP curricula.

WWW.STUDYINCANADA.UALBERTA.CA/ADVANCEDSTANDING

UAlberta accepts many different international curricula.

In addition to IB, AP, British, and US-based curricula, UAlberta accepts many local high school curricula from around the world. Consult our website to see which curricula are accepted from your country.

WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS

You don't have to make the final decision about your major and minor right away.

UAlberta offers 200+ undergraduate programs so you have great flexibility to tailor your degree to your interests. In some programs, you can enroll in a Faculty but wait up to your third year to declare your major and minor areas of study.

WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS

Are you a leader in your high school community? Have you excelled academically in high school?

UAlberta is one of only a few universities in Canada with a number of scholarships that are especially for international students. Last year, we offered more than $22 million in undergraduate scholarships!

HOW TO APPLY

FOR UNDERGRADUATE STUDIES

1. CHECK OUT PROGRAM OPTIONS, ADMISSION REQUIREMENTS, AND DEADLINES.

Explore the impressive list of our program options (page 23) Choose a Faculty and program appropriate for you.

www.studyincanada.ualberta.ca/programs

✓ Check UAlberta’s English language proficiency requirements. If you are applying to Campus Saint-Jean, you will need to check the French-language proficiency requirements.

✓ Check to find out what the admission subject requirements are for your program.

✓ Find out the application deadlines.

NOTE Some programs can be entered directly from high school, while others require pre-professional study which can be completed at UAlberta. You can choose a maximum of two different programs, in the order of your preference.

2. SUBMIT YOUR APPLICATION ONLINE.

Beginning on October 1, 2016, you can fill out the online application for admission at www.studyincanada.ualberta.ca/apply

Tips

» Be sure to use your full legal name on the application form (as it appears in your passport).

» Include your personal email address on your application form (you will need to validate your email as part of the application process).

» You will be required to submit a CAD $125 application fee by credit card.

» Make sure that you receive and save the electronic receipt to confirm that your application was submitted successfully.

» You may be required to submit some documents with your application. See step 4 for more information or www.studyincanada.ualberta.ca/documents

If you are unable to submit the application form online, a paper application form can be downloaded in pdf format at: www.registrarsoffice. ualberta.ca/online-services/forms-cabinet

You will receive:

» Your 7-digit ID number (include this with any correspondence with the university).

» Your Campus Computing ID (CCID) and password, which you will use to access Bear Tracks, where you can track the status of your application for admission at www.beatracks.ualberta.ca

» Login information for your UAlberta webmail account. This is your personal e-mail account with the University. The University will be sending important notifications to you on this e-mail account. You are required to activate this e-mail account as soon as possible and check it regularly.

3. WAIT TO RECEIVE YOUR UALBERTA EMAIL + I.D.s.

If you apply online, you will receive important information from UAlberta by e-mail within 48 hours of submitting your application.

You will receive:

» Your 7-digit ID number (include this with any correspondence with the university).

» Your Campus Computing ID (CCID) and password, which you will use to access Bear Tracks, where you can track the status of your application for admission at www.beatracks.ualberta.ca

» Login information for your UAlberta webmail account. This is your personal e-mail account with the University. The University will be sending important notifications to you on this e-mail account. You are required to activate this e-mail account as soon as possible and check it regularly.

4. SUBMIT ANY REMAINING DOCUMENTS FOR ADMISSION CONSIDERATION.

Your application will be evaluated for Admission after we receive the necessary documents as described on your BearTracks account. These can be submitted at the time of your application (see Step 2 above) or as follows:

» High school students: Submit a school transcript that shows all of the high school courses you have already taken and grades you have already received, as well as courses still in progress. See document requirements and deadlines at: www.studyincanada.ualberta.ca/documents

» Post-secondary transfer students: can also be considered for Admission to many programs. Submit transcripts for your entire academic record (high school and post-secondary). For the current year in progress, you must submit all the transcripts up to and including: first semester results; second semester registration for the institution you are currently attending; final transcripts for any other institutions previously attended; and detailed course descriptions of each course. See document requirements and deadlines at: www.studyincanada.ualberta.ca/documents

» All applicants must also submit evidence of English language proficiency. If you are applying to Campus Saint-Jean, proof of French language proficiency is required.

5. ACCEPT YOUR OFFER OF ADMISSION.

If you receive an admission offer, you will need to accept the offer by the deadline stated in your offer letter. You can accept your offer of admission in your BearTracks account; at this time you will also be required to provide a non-refundable CAD $500 tuition deposit, which will be credited towards your final tuition amount.

www.studyincanada.ualberta.ca/apply

EXPLORE SCHOLARSHIP OPPORTUNITIES.

UAAlberta rewards excellent achievement by offering undergraduate scholarships to top students. You may be eligible for scholarships based on your overall academic achievement, as well as your leadership skills and extra-curricular activities.

www.studyincanada.ualberta.ca/scholarships

APPLY TO LIVE ON-CAMPUS.

All international students who apply for housing before April 30, 2017 will be guaranteed a space in one of our residences for their first year. To retain your admission offer, ensure all required documents are submitted by the deadline and meet the conditions specified in your offer. To submit your housing application, you can follow these steps:

1. Go to www.studyincanada.ualberta.ca/documents

2. Send your official and complete documents by the deadline.

To retain your admission offer, ensure all required documents are submitted by the deadline and meet the conditions specified in your offer.

www.studyincanada.ualberta.ca/documents

Documents must be sent to UAlberta’s Registrar’s Office directly from the authorized issuing institution by the posted deadlines.

SEND YOUR DOCUMENTS TO:

University of Alberta
Office of the Registrar
201 Administration Building
Edmonton, AB, Canada
T6G 2M7

SEND YOUR OFFICIAL AND COMPLETE DOCUMENTS BY THE DEADLINE.

REMEMBER TO INCLUDE YOUR UALBERTA 7-DIGIT ID NUMBER WITH ALL DOCUMENTS.

THE TYPICAL DOCUMENTS YOU WILL BE REQUIRED TO PROVIDE ARE:

- Proof of English language proficiency (e.g. TOEFL, IELTS, etc.).
- High school grades and transcripts, certificates, and/or diplomas.
- Transcripts from any post-secondary institutions you have attended.
- Detailed course descriptions for each post-secondary course completed outside of Canada.
- Official English translation of all documentation not issued originally in English or French.
- If you are applying to Campus Saint-Jean, proof of French language proficiency is required.
# UNDERGRADUATE ADMISSIONS

Admission is based on your complete academic history and achievement in three main areas:

1. **YOUR ENGLISH PROFICIENCY**
   See page 35 for English proficiency requirements.

2. **YOUR ACADEMIC HISTORY, SHOWING THAT YOU HAVE FULFILLED THE ACADEMIC SUBJECT REQUIREMENTS**
   For example, students from high school must show that they have successfully completed five academic subjects. The academic subjects you need to present will vary by program and Faculty. Find out which subjects you will need to present for your program of choice at: [WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS](http://WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS)
   Some programs may have post-secondary prerequisites.

3. **YOUR GRADES ON THE ACADEMIC SUBJECT REQUIREMENTS**
   (as shown on your transcript)
   The minimum admission average to be accepted to UAlberta varies depending on the Faculty and program of your choice. The averages change each year. [WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS](http://WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS)

Refer to UAlberta Calendar at [WWW.REGISTRAR.UALBERTA.CA/CALENDAR](http://WWW.REGISTRAR.UALBERTA.CA/CALENDAR)

The academic year is divided into four terms:

<table>
<thead>
<tr>
<th>FALL TERM</th>
<th>September to December</th>
</tr>
</thead>
<tbody>
<tr>
<td>WINTER TERM</td>
<td>January to April</td>
</tr>
<tr>
<td>SPRING TERM</td>
<td>May to mid-June</td>
</tr>
<tr>
<td>SUMMER TERM</td>
<td>July to mid-August</td>
</tr>
</tbody>
</table>

The majority of undergraduate programs accept applications for the fall term only, but there are several programs that can admit in winter or spring. Complete details on deadlines and application procedures can be found on our website at [WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS](http://WWW.STUDYINCANADA.UALBERTA.CA/ADMISSIONS)

Don’t wait until the deadline to send your documents! The earlier we receive your documents, the earlier we can consider you for admission.

COMPLETING AN UNDERGRADUATE PROGRAM WILL GIVE YOU A BACHELOR’S DEGREE. AN UNDERGRADUATE PROGRAM WILL LAST FOUR YEARS ON AVERAGE. SOME PROGRAMS MAY TAKE LONGER TO COMPLETE.
score at UAlberta, satisfies this requirement for admission.

**Subject Requirements**

**Badi Jabbour**  
Faculty of Science  
Aleppo, Syria

**Olivia Rosemarie**  
Faculty of Arts | Math & Economics  
Jakarta, Indonesia

**Vineet Rathod**  
Faculty of Science | Biochemistry  
Dar-Es-Salaam, Tanzania

“What really inspired me was getting the opportunity to go to Germany, as part of my program, and do an internship there. I worked in a medical biochemistry lab.”

“In my second year, I started volunteering for International Student Services. I met a lot of people and the best friends that I have right now are from that period of time. That support group helped me transition into Canadian life.”

“When I first came to Canada, I went to the International Student Services. They were really helpful. They made it really easy for me to apply for scholarships and to register in courses. They gave me a lot of information on how to register, where to go, and how to contact an advisor. They helped a lot!”
